

Conference

Monday 29th September

Improving Conditions for People with Psychiatric Diagnosis in the Context of the EU

The conference reacts to the preparation of the reform of psychiatric care in the Czech Republic, the necessity of interdepartmental cooperation and the formation of community services which will enable people to stay in their natural environment. The target is to integrate persons with mental disorders in society mainly by improving conditions for employment, education and housing in the context of the European Union.

Venue: Mamaison Business & Conference Imperial Hotel Ostrava, Tyršova Street, Ostrava

Time: 9.00
